BACKGROUND

The CSSE was formed in 1993 as a voluntary association. The same selective test is utilised by ten CSSE selective schools and saves children, whose parents express a preference for more than one selective school, having to take multiple tests.

TESTING

Your child will take two separate tests, one in English and one in Mathematics.

Your child will take the tests in the selective school you as parents have nominated as your preferred test centre. **In the event of a test centre reaching its maximum capacity for testing an alternative CSSE school test centre will be allocated by the CSSE office. If all schools reach the maximum capacity for main day testing, your child will be allocated the Tuesday test date.** Once registered, test dates will not be changed to accommodate school trips or test dates arranged by other authorities. Please ensure you check all other commitments **prior** to registering with the CSSE office. We suggest you register as early as possible.

APPLICATION FOR SELECTIVE PLACES AT THE TEN CSSE SCHOOLS

How do I Apply for a Place at a CSSE School?

To apply for a place at a CSSE School for your child you must name the school as one of your preferences on your Local Authority Common Application Form and register your child to sit the 11+ tests by completing the CSSE's Supplementary Information Form. Please make every effort to ensure your child's personal details are the same on both forms. If you change your address before completing your Local Authority form, please notify the CSSE Office in writing.

Naming your Selective School Preferences on the Common Application Form.

Your Local Authority Common Application Form and Guidance Notes will be available to all parents of Year 6 children in September 2021. All CSSE Schools that you wish to apply for must be named as preferences on this form. This form must be returned to your Home Local Authority.

The Secondary Schools Admission booklet for 2022 Entry is available to download from your Local Authority's website or by requesting a copy to be posted to you.

Stating a Preference on the Local Authority Common Application Form is the only way of Applying for a Place at a CSSE School.

Application for places must be made on your Local Authority Common Application Form. Completing only the test registration form does not constitute a valid application for a place at a CSSE School. Parents must use the Common Application Form of the Local Authority in which they live, even if the schools that they name as preferences on the form are in a different Authority.

Date for the Return of your Local Authority Application Form.

The 31st October 2021 is the date for the return of Common Application Forms to the Essex Local Authority and to the Southend Local Authority. There can be penalties for late application imposed by Local Authorities, so please ensure that your form is returned on time. If you live in a different Local Authority then you should adhere to that Authority's deadline for the return of your Common Application Form.

The photographs will be kept until the end of the Autumn term in which the candidates would be in Year 7 and then destroyed. Further details will be sent with your child's test centre letter.

Information that you need on the 11+ test day.

From mid July a letter will be posted to you by 1st class mail confirming where you should take your child for the selection test on **Saturday 18th September 2021 and at what time you should arrive.** You should receive this letter by 23rd July. In some cases a school may need to have more than one sitting to accommodate the number of candidates. **In the event of a test centre reaching its maximum capacity for testing an alternative CSSE school test centre will be allocated by the CSSE office. If all schools reach the maximum capacity for main day testing, your child will be allocated the Tuesday test date.** We suggest you register as early as possible. As we are unable to confirm whether morning or afternoon sittings have been allocated, you are asked to keep the whole day free.

We are unable to alter test sittings once they have been allocated. If you have exceptional circumstances that prevent you from attending your confirmed sitting please contact the CSSE immediately.

Test results will be sent by first class post to all candidates on the 14th October 2021. Accompanying the 11+ test results will be a guidance sheet detailing the likely 11+ score/s your child will need to attain to gain a place at the individual CSSE Schools. There is no guarantee of a place based on the historical information supplied.

A look up facility for test results will be available from the 15th October from 9am for candidates who have registered online. **Please allow until Monday 18th October 2021 for receipt of postal results before contacting the CSSE office.**

Place Offers will be sent to you by your Local Authority.

March 1st 2022 is National Offer Day when all Local Authorities are required to inform parents of the outcome of their applications to secondary schools. Any questions that you may have should be addressed to your Local Authority.

Most frequently asked questions about the Selective Tests:

Q Should my child sit the tests even if I don't intend to name a Selective School on the Local Authority form?

A – No. The purpose of the tests is to gain entry into one of the CSSE schools.

Q How old should my child be when he/she sits the test?

A – The test is normally available to children registered in Year 6 from September 2021 and who are aged 11 years but under 12 years on the 31st August 2022. Your child's date of birth should fall between 1st September 2010 and 31st August 2011. Many children will be 10 when he/she sits the test but they should be 11 by the time that they start secondary school.

Q What if my child is less than 11 years old on 31st August 2022 and I want him/her to sit the test?

A – The CSSE does not encourage early entry other than in exceptional circumstances. The decision to allow a pupil to take the 11+ examination early lies with the admissions committees of the school/s for which a parent expresses a preference. Under-age pupils are those who would be less than 11 years old on 31st August 2022 and must be registered in Year 6 at the time of sitting the test. Please contact the CSSE for further details on "under-age" entry arrangements.

Q What if my child is more than 11 years old because, for example, he/she was summer born and started school late?

A – In line with the School Admissions Code (2015) the parents of a summer born child (born between 1st April to 31st August) may choose not to send that child to school until the September following their fifth birthday and may request that they are admitted out of their normal age group to reception rather than Year 1. So long as that child has moved up one year group each year and is registered in Year 6 at the time of sitting the test, they will be allowed to sit the test. Consortium Schools do not otherwise accept over aged applicants unless there are verified exceptional circumstances. Please contact the CSSE for further details on "over-age" entry arrangements.

Q What are the tests?

A – Candidates will sit two tests. One in English and one in Mathematics. The English paper will last sixty minutes with ten minutes additional reading time. The Mathematics paper will last sixty minutes. The final scores for the individual papers are mathematically standardised and 'weighted', each being worth 50% of the marks. The results of all candidates will be analysed, by date of birth, to determine if a statistical age-adjustment is required.

Q When do the tests take place?

A – The tests will take place on **Saturday 18th September 2021**. If your religion does not allow your child to take them on a Saturday or your child is ill and you can supply medical evidence, arrangements will be made for your child to take the tests on Tuesday 28th September 2021. If you have other exceptional circumstances please contact the CSSE office to discuss.

Q Will my child have the opportunity to take practice papers?

A – Your child's present school may help you with this, but remember that children only need a limited amount of practice to familiarise themselves with the types of questions and timing. The Mathematics and English tests will be based on Key Stage 2 of the National Curriculum. Suitable practice material is available commercially from major booksellers. However, please note that these are tests based at a similar level but are not of the same format as the 11+ papers. Please refer to our website www.csse.org.uk for free familiarisation papers that you can download. Other practice material can be purchased from the CSSE office. Please see page 15 of this guide for a practice pack order form.

Q Where does my child take the tests?

A – Your child will usually take the tests in the selective school you have nominated for the test. In the event of a test centre reaching its maximum capacity for testing an alternative CSSE school test centre will be allocated by the CSSE office. We suggest you register as early as possible. **Important: Once your nominated test centre has been confirmed we will be unable to alter it.** Your child will take the tests either in a large hall or classroom. There will be adults in charge of each room overseeing the conduct of the tests who will answer any questions the candidates have before the tests start. It is important to arrive in time for your child to be shown where the toilets are and for him/her to settle into the test room well before the tests begin.

Q What should I do if my child has a medical condition or requires access arrangements for the test?

A – A copy of our Access Arrangements Guideline and Notification Form can be downloaded from our website or requested from the CSSE office. You should complete the relevant section on the registration form and the notification form. The deadline for receipt of requests for adjustments is 2nd July 2021.

Q What happens if something else occurs near (or on) the day of the test which prevents my child performing at their best?

A – When you present your child for the test it is expected that you are satisfied that there are no other circumstances that have occurred that will prevent him/her from performing to their best. If anything has occurred that you know may affect their performance you must advise the test centre prior to the test being taken.

Q What happens if my child is ill on the day of the test?

A – If you are at all uncertain about your child's health on the day of the test please withdraw your child by contacting the test centre direct. **Subject to medical evidence**, we will arrange for the test to be taken on an alternative date.

Where a candidate becomes indisposed during the test day, the test centre will make appropriate arrangements to care for the child and to inform his/her parents.

These arrangements may include allowing the candidate to leave the test room for a short period under supervision; returning to finish the tests. Candidates who leave the room during the tests will not be given extra time. If the candidate is too ill to continue and leaves the premises then he/she will not be allowed to finish any test that he/she has already started.

Q What happens if we have difficulty getting to the test centre?

A – Please ensure you plan your journey to your child's test centre and allow sufficient time to get there. The test centres will not test any child who arrives late. There will be congestion on the roads, particularly near the test centres and you are advised to listen to the weather and traffic reports on Essex Radio, BBC Essex or BBC Suffolk prior to starting your journey. Cancellation of the tests due to atrocious weather conditions will also be announced on these radio stations. If the bad weather conditions are local to you, telephone the CSSE Office. In all other circumstances you should telephone the school where you are taking the test for advice.

Q What should my child bring with them to the test centre?

A – Your child need only bring a pen, pencil, ruler and eraser. Your child does not need to wear school uniform. **Please note that the use of dictionaries, electronic calculators of any description or smart watches (eg Fitbit) is not permitted. Please do not allow your child to bring them to the examination. Mobile phones should not be brought to test centres by children.**

Drinks and snacks are not permitted during the tests unless you have notified us in writing of a specific medical condition. Refreshment break arrangements will be confirmed with your test centre letter.

Questions in relation to Preference/Admissions/Appeals

Q What advice would you give about the order that I put my preferences on the Local Authority Form?

A – Our advice is that you should list your chosen schools in your true order of preference. If your first choice is one of the CSSE Schools then you should put it first on your list. This will not prejudice your application to the other schools in your list of preferences.

Q Will the Local Authority offer my child one school place only or offers at all my chosen schools for which my child has met the Admissions Criteria?

A – The Local Authority will only offer your child one school place. This will be the highest placed school in your list of preferences for which your child meets the Admissions Criteria. You will not be offered additional places at the other schools lower on your list, even if your child meets their Admissions Criteria. If your child does well enough in the 11+ tests to be offered a place at one of your chosen CSSE Schools and you have placed this school as your first preference then a place will be offered to him/her at that school. If, however, you place another school above the CSSE School and your child meets the Admission Criteria for this other school, then the Local Authority will offer your child a place at the other school.

Q What happens if my Child does not meet the Admissions Criteria for my First Preference School?

A – If your child does not meet the Admissions Criteria of your first preference school then your second preference moves up the list and is treated as your new "first preference" by the Local Authority. The Local Authority will apply this school's Admission Criteria and decide whether or not your child meets them and should be offered a place.

Q Can I name more than one CSSE School on my Local Authority Common Application Form?

A – Yes, you can name as many CSSE Schools as you like, as long as you do not exceed the number of preferences allowed by your Local Authority.

Q Can I appeal against the decision to refuse my child a place at one of my chosen schools?

A – Information about how to appeal against a refusal of a school place will be sent to you by your Local Authority when you receive your secondary school offer in March 2022.

Where any applicant has not been admitted to a preferred school, any parental appeal will be heard by an independent appeal panel established for that school.

“In December 2011, Ofsted found SHSG ‘OUTSTANDING in all aspects of its work’. Our aim is that the girls love learning and achieve highly. Teaching is innovative and challenging, in an environment conducive to learning. GCSE and A level results are excellent and beyond these there is an extraordinary range of extra-curricular activities, including sport at national level. We expect that the girls will contribute positively to the school community and work well with others.”

"Westcliff enjoys the distinctive record of having been designated 'outstandingly successful' by OFSTED on four occasions. But we have not achieved this by a narrow focus on examination results. Those matter and are excellent but our concern for the broader personal, cultural and moral development of young people is what defines the School. These things are reflected in our daily life."

HOW WE NOTIFY YOU OF THE TEST RESULTS

Test results will be posted to ALL candidates by first class post on Thursday 14th October.

For those who registered for the test using the online registration system, the portal will open at 9.00am on Friday 15th October for you to view your child's results. **The portal will be closed from 3rd July 2021 until the 15th October 2021 and you will be unable to access the system during this period.**

HOW TO VIEW RESULTS ONLINE

Go to the home page of the CSSE website www.csse.org.uk **DO NOT** use a search engine or the verification email link sent to you at the time of registration as you will be directed to an out of date version of the web page. Click on the box to login in to your child's record. You will need the email address you registered with and the password you created at the time of registration. There is a forgotten password option. Once you have logged in, click on the print box to view the results.

WHAT WILL THE RESULTS LETTER CONTAIN?

You will be notified of the raw scores for each subject as well as the overall standardised score.

The formula for calculating the standardised score will be published on the CSSE website shortly after the results are despatched.

A guidance sheet containing historical data will be published on the website on 15th October and will also be enclosed with the results letter.

WHAT DOES THE GUIDANCE SHEET SHOW?

The sheet is produced to help parents decide whether to apply for a CSSE school. The data shown on the sheet is historical. It indicates what scores were needed in previous years to gain entry into the CSSE schools. The actual cut off scores are only known after national offer day in March.

There is no guarantee of a place based on the historical information supplied. As the situation may be different each year, it may be worthwhile applying to the school/s of your choice even if your child has scored below the lowest score obtained in previous years.

MINIMUM SCORE

Some schools have a minimum passmark. The minimum passmark for these schools is a standardised score of 303. Candidates with test scores below 303 will not be admitted. For schools which do not set a minimum passmark, please refer to the guidance sheet column which indicates the lowest score obtained by any entrant in the previous four years.

APPLICATIONS

Each school publishes its admissions policy on its website. Please read the admissions policy of the school/s you wish to apply to for further information.

You can only apply for a school place by naming the school/s as a preference/s on your home local authority common application form. You should list the schools in your genuine order of preference.
